**WE NEED HELP!**

If you see the need for the Community Calendar to continue, we need your help working on distribution, listings, layout and design, typing, and writing, on a regular basis. This can amount to a commitment of 3-4 hours doing distribution each month, up to a commitment to two meetings each month and responsibility for one aspect of the calendar production. Skills are not needed, although some typing is helpful. We want the various communities of the East Bay to be represented in the Calendar work group. To find out more, call 652-7111.

On September 11, 1973, with the now well known aid and encouragement of the CIA and ITT, right-wing sectors of Chile's military overthrew the democratically elected Popular Unity (UP) government and murdered President Salvador Allende. Within months they had killed an estimated 20,000 Chileans who had supported the worker-peasant government led by Allende. Since 1973 perhaps half a million Chileans have been imprisoned, tortured or have "disappeared."

Despite this open campaign of terrorism on the part of the military dictatorship, resistance to the Junta continues to grow among all sectors of the Chilean population. Throughout the world, international campaigns of solidarity with the Chilean people have been initiated, putting pressure on the military Junta to release political prisoners and to restore democratic and human rights to the Chilean people. This campaign has resulted in the release of many—but not all—political prisoners.

**SEPTEMBER 16th COALITION**

The stated goals of the Sept. 16th Coalition are:

- Freedom for Political Prisoners.** We demand freedom for all political prisoners, including the "disappeared," in Chile, in U.S. supported regimes, and in the U.S. itself.
- Ending Police Repression.** We demand that police repression in the U.S. and U.S. connivance with foreign police operating here, such as the DINA, SAVAK, and KCIA be exposed and ended. The DINA's role in the assassination of Orlando Letelier and Ronni Moffit in Washington, D.C. last year must be investigated and publicized.
- No More Aid.** We demand an end to U.S. aid to Chile and other repressive regimes, whether the aid comes from U.S. institutions or is channeled through multilateral lending agencies such as the World Bank.
- Chilean Boycott.** We support a boycott of all Chilean products, especially fruits and wines.
- Support for the Resistance.** We must aid the Chilean resistance and all people's right to self-determination with money, materials, and political support.

(continued from front)

We in the U.S. work to provide solidarity and support for the Chilean people, for the release of disappeared prisoners and in support of the resistance. But we see imperialism as a world-wide system which oppresses people in the U.S. as well. We must link the struggle in Chile with the many other fronts against U.S. imperialism.

An important link in this struggle is the fight against racism in this country. Recently the California Supreme Court upheld the Bakke decision, which is a clear attack on the rights of Third World people. If the Bakke decision is upheld by the U.S. Supreme Court and the concept of "reverse discrimination" is legitimized, not only will special admissions in higher education be eliminated, but the precedent will have been set for increased threats on affirmative action hiring for Third World working people and women. Another example of this repression that must be struggled against are the attacks on Third World communities. The recent murder of Jose Barlow Benavidez in the Oakland Chicano community is only one case of racist police brutality that is condoned by the U.S. system of justice. Racist attacks in our communities are not isolated from the system of apartheid in Southern Africa. As in South Africa, little Andy Youngs are spread throughout the Third World communities in the U.S.—in the form of policies, public relations men, recruiters for the Marines, and undercover agents of many federal, state, and local police agencies. Control of the unemployment and decaying ghetto communities throughout the U.S. is increasingly seen by the ruling class as a top priority. As people here are stripped of the gains made in past decades, they resist. The corporate giants fear that people in the U.S. will be re-united by the struggles of the Third World with their own militant history. We are taught to forget that none of the gains made by the working class, including Third World people and women, have been handed out. Everything has been struggled for.

Billions are sunk every year in packaging oppression and writing the active role of the people out of our history. We must learn from our Chilean and African brothers and sisters who see Jimmy Carter and Andy Young for what they really are—recycled Nixons and Kissingers. When we see "new improved" on a box we know that sales are lagging on the product. Imperialism has been repackaged, but the content is the same. Not only must we see and understand, we must take up our part in the struggle!

**New IHTA Demands**

- Rents for temporary emergency housing as well as more long-term relocation housing are far higher than what tenants were paying at the I-Hotel and than what most tenants can afford. Therefore, the IHTA demands rental assistance from the city for the tenants' relocation housing.
- Many of the tenants lost valuable possessions during and right after the eviction. Cash and checks were missing (as much as \$3000 in one case — many tenants do not use banks), television sets and watches were stolen, furniture and personal items were destroyed. Some of this was done by the sheriff's deputies, some by thugs Four Seas hired to board up the building and oversee removal of tenants' belongings. Therefore, the IHTA demands reparations from the City and Four Seas for loss of valuables, and for transportation and storage of tenants' possessions.
- Tenants were injured, abused and emotionally damaged by being dragged out of their homes at three in the morning by 400 cops and sheriffs. One elderly man collapsed and had to be hospitalized upon returning to his scarred, vandalized home to pick up his goods. Therefore, the IHTA demands that the city pay for all medical expenses due to eviction — checkups, medication, doctor visits, hospitalization.
- There were 20 reported injuries among supporters, six serious enough to require hospital treatment. Probably hundreds of others suffered bruises and aches from clubbing, jabbing, horses' hooves, being dragged down stairways feet first or head first, and other totally unnecessary police excesses. Therefore, the IHTA demands that the city investigate all brutality and misconduct by the Sheriff's Dept. and Police Dept. and compensate all victims among supporters and tenants. (Those with complaints to file are urged to phone the IHTA Legal Committee at 566-2641.)
- The city failed to support and implement the IHTA's new plan to save the Hotel, calling for the filing of a new eminent domain action for permanent Housing Authority ownership and tenant management. As a result, 155 badly needed low-rent housing units may be lost to the Chinatown-Manilatown area. Therefore, the IHTA demands that the city restore 155 permanent low-rent units in the Chinatown-Manilatown area, either by acquiring and renovating the I-Hotel, to be given back to the former residents under a tenant management plan, or by building comparable new units elsewhere in the area. The new (temporary) contact number for the International Hotel Tenants Association is 821-4099. □

This calendar is a project of Inkworks Press, a printing and publishing collective. The production and editorial work group is composed of some people from Inkworks and others active in East Bay community and political work. The calendar began in March, 1976. Our goal is to publicize the political and cultural struggles for radical social change in our area.

**We need your help!**

• First, we want your reactions to and suggestions about the calendar. We can also use help with production and distribution. If you can distribute the calendar at your workplace or in your neighborhood, drop by early in the month. • Secondly, please send us info about events you would like to see listed, by the 21st of each month! Be sure to include the name of the event, sponsor, program, date, time, place, price, childcare arrangements and accessibility to wheelchairs. We urge you to submit listings by mail since we are busy operating a printshop weekdays. Our address is **Community Calendar**, care of Inkworks, 4220 Telegraph Ave., Oakland, CA 94609. If you need to contact us by phone for other information, call 652-7111.

Support your Community Calendar! Your \$3 subscription (\$10 for organizations) will put you on our mailing list to receive the Calendar each month for one year. And you will be helping to make the Calendar a viable, self-supporting community tool. Of course, donations are also needed and welcome! If you have friends who have not seen the Community Calendar or belong to any organization that does not subscribe, please share the Calendar and this appeal.
